THE BLAIRMORE ENTERPRISE.

THURSDAY, DECEMBER 2, 1926.

\$2.00 PER ANNUM

## EVANS LOOKS GOOD

Jimmy Evans, the Coleman forward, was the outstanding player practicing with the Edmonton Eskimos yesterday. Gordon Teel, formerly of Medicine Hat, also shaped up well. Bernie Morris, one time Calgary Tiger star, who will captain and coach the Eskimos, was also in uniform.—Calgary Albertan.

## EXTEND SYMPATHY

The mine disaster of Coleman arouses the greatest sympathy of this community, for those who have suffered from it. Many here, who have suffered the pangs of bereavement and suspense in similar tragedies in the past, realize more fully than the average person just what such a calamity means in a mining community.—Drumheller Mail.

## B.P.O. ELKS' MEMORIAL SERVICE

On Sunday next, December 5th, at 8.30 p.m., Blaimore Lodge, B.P.O.E., will hold its first public memorial service in the Elks' Hall.

During the short time since the inception of the lodge, it has suffered the loss of three members, D. F. Fleming, H. J. Benson and L. Dutil, and this service is being held in memory of these departed brothers.

A very elaborate programme has been arranged for this purpose and is as follows:

"Trauerlied" (Schumann), by Upton's Orchestra.

Memorial ritual, by the officers of the lodge, followed by the opening ode, and the invocation by Rev. A. D. Currie.

Solo, "Fear Not Yet O Israel" (Buck), Mrs. J. A. Kerr; accompanist, Miss McKrill.

Solo "Comfort Ye One Another" (Roma), Bro. H. Pinkney; accompanist, Miss Alice Hornquist.

Memorial address, Rev. W. T. Young.

Solo "Ave Maria" (Millard), Mrs. L. L. Morgan; accompanist, Mrs. G. M. Bond.

"Thanatopsis," Exalted Ruler Bro. J. E. Gillis.

Solo "One Sweetly Solenn Thought" (Ambrose), Bro. J. R. Gresham; accompanist, Miss McKrill.

"Chopin's Funeral March" (Chopin), Upton's Orchestra.

Closing ceremonies, by the officers of the lodge, followed by the National Anthem, then the benediction by Rev. A. D. Currie.

We understand that the Upton orchestra will include several, if not all, of the members of the Hillcrest Amateur Orchestra for this occasion.

A hearty invitation is extended to the public to attend.

## COLEMAN MINE GIVES

UP BODIES OF THREE MORE VICTIMS

The body of George Johnson was removed from the McGillivray mine at Coleman on Saturday afternoon last. The body was located near No. 2 level by an exploring party.

The funeral of George Johnson took place on Monday afternoon and was largely attended. Service was conducted at St. Alban's church by the Rev. A. D. Currie and the remains were laid to rest in the Protestant cemetery.

Last evening the bodies of Alex. Morris and Dave Meek were taken out. Burial arrangements have not yet been completed, but in all probability a double funeral will take place at Coleman tomorrow (Friday) afternoon.

There are still six bodies to be located and as they are likely under water, it is hardly probable they will be reached for some days yet.

Of the five horses in the mine at the time of the explosion, one was taken out dead. The remaining four were located yesterday, all alive in spite of the fact that they had been without food or water for at least a week. While it is impossible to get the horses out of the pit, food supply has reached them.

## EAST BLAIRMORE RESIDENCE

IS DESTROYED BY FIRE

A residence in East Blaimore, near the plant of the Canada Cement Company, was totally destroyed by fire at an early hour this afternoon.

The house was occupied by an Italian family named Arcuri and very little of the contents were saved. Owing to the high east wind prevailing at the time, firemen experienced great difficulty in fighting the flames. Fortunately, however, the fire was prevented from spreading to buildings nearby.

The origin of the fire is unknown.

## DEATH OF JOSEPH ROBERTSON

The death occurred at Bellevue on Sunday morning of one of the best known residents of the Pass in the person of Joseph Robertson, in the forty-fifth year of his age, following a prolonged illness.

Mr. Robertson had been a resident of Bellevue and district for close on twenty years. For a number of years he lived on a ranch to the northeast of Bellevue. For the past eight or ten years he has acted as secretary-treasurer of the Bellevue School District, and in addition conducted an insurance and commission business and has acted as a coroner.

Some years ago he received a kick from a horse while occupying the ranch and it is claimed that his illness—some resulted directly from that kick.

Mr. Robertson is survived by a wife and son, the latter about five years of age.

Funeral took place on Tuesday afternoon and was very largely attended. Services were conducted at the home and at the United church by the Rev. W. T. Young.

IN MEMORY OF JOSEPH ROBERTSON

I heard a chord so full and free,  
Bold, fearless as the wind might be;  
That all my soul was stirred to hear  
Such music flooding my soul's ear.

It came from distances so deep  
I could not trace it to its keep;  
From the prevailing Over Soul,  
Its happy accents seemed to roll.

No sorrow marks such gladdenings  
swell;  
Though heart a sense of loss must tell

On the emotion's weaker plane,  
Where much is fickle, false and vain.  
A friend has passed, I only know  
Such noble spirit can but go

Where universal harmony  
Blends in that chord so full and free.  
—A FRIEND, Bellevue.

## DEATH OF MRS. MOTT

Death claimed another highly-respected resident of Bellevue on Friday morning last in the person of Mrs. L. Mott.

Mrs. Mott had been confined to her home for upwards of a year, suffering from cancer, and the end was not unexpected. She leaves to mourn her loss, a loving husband and several sons and daughters, all grown up and residing in Bellevue.

The remains were laid to rest in Bellevue cemetery on Monday afternoon, Rev. W. T. Young, of Blaimore, officiating.

The death certificate of Mrs. Mott was signed by Coroner Robertson on Friday afternoon, less than thirty-six hours prior to Mr. Robertson's death.

Premier King, accompanied by Hon. Ernest LaPointe and Hon. Vincent Massey, left Cherbourg, France, on Tuesday morning on the Majestic for New York and Canada.

## WHAT DID YOU GIVE LAST CHRISTMAS?

Toys for the kiddies—most of them broken by now; "Something useful" for the grown-ups—now worn out or forgotten. Cash to your employees—appreciated but soon spent. Other presents—hurriedly bought and perhaps ill-chosen. Are they remembered now?

Suppose this year you give them each a Bank Book containing an initial deposit, and urge them to add to it regularly. Could anything be more suitable?

Add "Royal Bank Pass Book" to your list of Christmas Gifts.

#### CHAPTER XX—Continued

She smiled, at them both. "I couldn't say that an equity," she explained brightly, "it wasn't that I'd read, some place, that those three things were particularly wicked. I recognized them immediately as the ghosts that were always haunting me. John and Mrs. Adams misanderstood me if I went out and didn't get home until four in the morning. They thought there couldn't be any place decent for a girl to be after half-past ten. If I took a swallow out of their flask the boys distrusted me when I drew a line they mustn't cross, and said I was fooling or that I wouldn't take the swallow. And a lot of men and women who didn't have the good time when they were young that I tried to have, were envious of me because I happened to be young in those days instead of then, so they said I must be bad like all other modern girls. That's the way you count them up, you know—Misunderstanding, Distrust and Envy. I've always had the three of them in my mind, but I haven't had people before, to whom I could talk about the things I really feel. I've just known boys, and their main line of talk has been, 'give me a kiss'."

"And," Brandon urged, quickly, "your response to that 'kiss,' as you say, has been?"

Joanna considered a moment. Then she said, as if she were speaking with judicial concern: "It doesn't sound right, I know, but my idea has always been that today a girl shouldn't be afraid of a kiss, because it's better to give and take them, and know what they amount to, than to think about them all the time and then take them too seriously, like girls used to do."

Eggleston was silent. Brandon after

## STRATFORD WOMAN

Restored to Health by Lydia E. Pinkham's Vegetable Compound

Stratford, Ontario—"After my first baby was born, I started to work on the tenth day and did a big washing on the twelfth day. Being so young, I was married at 19. I did not know what was the matter, so I let it go until I was almost 30. I was thin and nervous, and had a bad disposition. For nearly two years I could not sleep and I would always complain of having 'not a head-ache, but a brain-ache.' My mother is taking Lydia E. Pinkham's Vegetable Compound as I am turning baby. I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I was now able to do my work alone, but I am still taking the Vegetable Compound as I am turning baby."

OMER PAUL, 40 Cherry Street, Stratford, Ontario.

If you are suffering from any weakness which causes such symptoms as pains in the side and back and nervous feelings, give Lydia E. Pinkham's Vegetable Compound a trial now.

W. N. U. 1627

The vagrant beam gleamed in its discovery, in the shimmer it spread to gold brown hair, in the velvet white and startlingly youthful contours of the face so insistently needed of its career. Brown lashes fluttered under the sun's rays' revelation, and a bare white arm, velvet like the face, crept out from some place underneath the shimmering hair. The slender form outlined under the web like cover that was also of a silken lace that may have been pinned, shifted, and straightened, revealing the symmetries that were just curved away from boyishness.

A voice that was drowsy but not without its note of petulance, asked: "What time is it?"

Out of the unnatural darkness of the room made by the drawn curtains, another voice, clearly that of a patient servant, answered: "It is quite ten o'clock, Mademoiselle. Shall I open the curtains, Mademoiselle?" Again the sleep voice from the depths of the huge, soft bed: "If you please, Marth."

Martha, very neat and prim in gray morning garb, rose from the edge of the chaise longue where she had perched slightly above two hours waiting for the beautiful form in the bed to stir, and pulled the curtain ropes. Like a yellow flood the transfiguring Riviera sun burst through the nest of broad windows that curved out from the room in a semi circle, all shut off together by the heavy, shell pink drapes. Bewildering, exotic odors of orange, mimosa and clematis filled the room with the sunshine, each separate fragrance seemed to bring up from the calm Mediterranean down below some ineffable perfume of March morning morning. When Martha turned from the windows the voice from the bed, not sleepy now, but alert, rippling:

"I ought to be dreadfully cross with you, you know, for letting me sleep so late," it said in mock severity; "but I suppose you will say that I looked so comfortable you hated to disturb me."

Martha, American from head to toe despite her "mademoiselle" and her French ribbons and ruffles, looked down on the girl in the big bed, gleaming, glittering bed of gold and pinks and blues mounted on a dais under a gorgeous canopy of gold lace against pink tulle. Martha seemed to hover, for a moment, at the edge of a scolding, but dutifully remembered that, after all, the girl in the bed, whose eyes were twinkling up at her, was "Mademoiselle" and she was Martha. So she said:

"Mademoiselle did not return from Prince Michael's until three o'clock this morning."

"That's so!" argued the voice, emphatically, as if suddenly reminded. "There was an affair last night, wasn't there? And something happened. I know something happened, because something always does when Michael feels the urge. And Michael was urged, last night, Martha. Very urged. While you run my bath I will try to remember what occurred. Maybe it was me. If so, I will tell you about it with a splash."

While Martha busied herself with the taps over the pink marble pool in a glistening shower-room, the girl in the bed sat up, drew up her knees until her elbows could rest on them and her chin on her wrists. Her brow wrinkled a little as if trying to remember. The warm sunshine wrapped the cuddled figure in yellow splendor. Thin shadow lines from the diamond patterned bars of the clematis trellis outside the window ranged through the filmy, diaphanous chiffon of the girl's pajamas and twisted about her like mischievous fairy arms. Suddenly the puckered brow cleared and a laugh that was as vibrant as music ripped at red lips.

Martha turned off her taps, satisfied at last that the water was just warm enough—her mistress ever refused to have a cold shower—and went up to the bed, a flaming yellow robe of transparent silk over arm, they satin boudoir mules in her hand. While she knelt at the dais to slip the mules on bare feet, and then stood to receive the slim form in the fold of the robe, the voice promised:

"If you haven't mind the water too cold, Martha, I'll tell you what it was that happened last night as soon as I'm in it. If it's cold you shan't know a thing."

When the robe had fallen and the

### Treat Colds Externally

For sore throat, bronchitis or deep chest colds, rub Vicks VapoRub freely over throat and chest and cover with warm flannel.

Vicks in two ways—both direct: absorbed like a liniment and inhaled as a vapor. A quick relief for the cold troubles of all the family.

**VICKS VAPORUB**  
Over 21 Million Years Used Yearly

pajamas had been tossed, rolled into a ball, at Martha's head, and the splashing in the marble pool was begun, Martha was merrily informed: (To Be Continued)

### Community Welfare

Lord and Lady Willingdon Become Patrons of Canadian Social Hygiene Council

Community welfare and its attendant social problems are matters in which Canada's new Governor-General and his family have always been deeply interested. Last year, His Excellency, Lord Willingdon was the active head of the British Social Hygiene Council, resigning only when his duties as Governor-General made it necessary for him to sever his connections with the movement in the Old Land.

One of the first things he did, however, after his arrival in Ottawa was to inquire about the social hygiene work being carried on in the Dominion and it has now been announced that their excellencies will become patrons of the Canadian Social Hygiene Council.

### HOW TO RELIEVE CHILDREN'S COLDS

Avoid Serious Results by Using Baby's Own Tablets

When a child shows the first symptoms of a cold, such as sneezing, redness of the eyes, clogged or running nose, prompt measures for relief may avert serious results. Mothers should always have on hand some simple, safe and effective remedy for immediate use.

Baby's Own Tablets act quickly, contain no opiates or narcotics, are tasteless and harmless. Mrs. Joseph Cadieux, Holyoke, Mass., says: "I have used Baby's Own Tablets for my children and find them a very satisfactory medicine. When my little boy had a cold I gave him the Tablets at night and he was well next day. I give them to the children for constipation and they always do good. I think I speak for all Tablets as most easier to give a child than liquid medicine. I recommend the Tablets to all mothers who have a very old friend and believe they should always be kept on hand."

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Blow At Tradition

Introducing Modernity in Turkey With a Bang

Imperial tradition again has received a rude blow from modern Turkey. For one night the sublime port, the famous edifice from which Grand Veziers once hurled their decrees, was transformed into a dancing hall.

The Governor of Constantinople, Sulaiman Sami Bey, chose this historic relic of the old regime as the place in which to give a ball celebrating the third anniversary of the new Republic regime.

One of the most noteworthy features of this occasion was the fact that the young Sami Bey, unveiled and in full evening dress, received in line with her husband, the Governor, and other officials.

This was the first time that a Turkish woman had ever been in the reception line of an official affair.

A variety of mushroom with a shiny elastic skin is a natural bomb. It has a white spongy centre which changes to black powder as the plant matures and at a certain stage of development, aided by heat from the sun, explodes.

Corns disappear when treated with Houghway's Corn Remover without leaving a scar.

Radio has extinguished a flame for the first time in San Francisco broadcast a shrill note which put out a sensitive flame in Berkeley, twelve miles away.

Mina's Liniment for Sprains and Bruises.

### Canada's Big Game

Buffalo, Deer, and Antelope Increase in Game Reservations

Much information of interest to all who care about big game and the preservation of it is contained in the report of J. B. Harlin, commissioner of the Canadian National Parks. The extermination of buffalo, it is pointed out, has been more than prevented at Watkinsburg Park, in Alberta. An annual revival of a couple of thousand animals is now available to stock parks in other parts of the world or to be converted to commercial use as food. Aside from the Watkinsburg herds altogether, there are in three of the national parks of Canada herds of 8,245 buffalo. They equal in number those at Watkinsburg, and, like the buffalo there, will rapidly increase until these parks, although sanctuaries for wild animal life of every sort, will open up to be thrown open to the shooting of buffalo within certain bounds.

The Watkinsburg Park is not restricted entirely to buffalo. There are 312 elk, 30 moose, 1,188 deer, four antelope, and 21 yak. There are 400 elk and 200 moose on Elk Island. Moose have increased rapidly in Jasper Park and are doing well in Yoho and Kootenay Parks. Caribou are found in Jasper, Glacier and Revelstoke parks. The hundred elk brought from the United States to Jasper Park a few years ago have almost increased to 650. They are reported doing well, and are in considerable numbers in three of the national parks. Mountain goats and sheep are also increasing in several of them—Regina Park.

Long Standing Asthma. Many have suffered so long from asthma and have tried many so-called remedies they think that there is no real help for them. They should read the latest recollections of the manufacturer of Dr. J. D. Kellogg's Asthma Remedy from hundreds of cases once as desperate as their own. Even in long-continued cases this famous preparation brings prompt help.

### Little Helps For This Week

It is more blessed to give than to receive.—Acts xv. 35.

The heart grows rich in giving. All its wealth is living grain. Seeds, which milder in the garden, scattered, fill with gold the plain. Is thy burden hard and heavy? Do thy steps drag wearily? Help to bear thy brother's burden—God will bear both it and thee.

Every good act is charity. Putting a wanderer in the right way is charity. Removing stones and thorns from the road is charity. Smiling in your brother's face is charity.

—Mahomet.

To him who gives but a drop of water to the poor uncharitably, it will be a living fountain in paradise. Therefore seek to mingle with the poor, the weak, the broken-hearted that thou be not too great a stranger to some of the angels who will greet thee in heaven.

### Large Crop of Timothy

Timothy seed production in the Buckley Valley, Central British Columbia, has been sufficient to supply the 1927 requirements for the whole province. The entire crop amounted to about twelve carloads.

Peevish, pale, restless, and sickly children owe their condition to worms. Mother's Worms' Extirpator will relieve them and restore health.

Mountaineers who send their children to Mountain Home College of Evening Shade, Arkansas, often pay a portion of their tuition in baskets of sorghum molasses, slabs of home-cured, hickory-smoked bacon, ham, butter and eggs.

### Mina's Liniment for Distemper

A fortune of \$150,000, which has been lying in chancery in England for almost a century, has just been divided between two brothers and a sister.

## Put Your Candy In The Quality Class

Does your candy look as good as it tastes? Attractive wrappers give your candy preference every time, and help to speed up sales.

Confectioners choose Appleford wrappers because they are designed to meet their particular needs. Appleford supplies strong twisting tissues that won't tear—a softer grade to wrap caramels—nearly a transparent stock to enhance the richness of butter Scotch.

### Mrs. Pankhurst in England

Returns to Old Country After Spending Seven Years in Canada

After seven years in Canada, working in the interests of social hygiene, Mrs. Pankhurst is back in England. Social Hygiene, however, still heads the list of her activities.

Her friends are trying to induce her to seek a seat in Parliament, and as a matter of fact, Lady Asquith offered to resign in her favor.

An English writer, describing her after her return, said that one could readily pick her out in a fashionable drawing room, not as an "advanced" woman but as the most quietly respected person present.

"Please don't think me narrow-minded," she says, "I'm only old-fashioned enough to feel a wide difference between style and good taste."

### "Buckley's" For Throat Health

A slip and morning relief. All its wealth is living grain. Seeds, which milder in the garden, scattered, fill with gold the plain. Is thy burden hard and heavy? Do thy steps drag wearily? Help to bear thy brother's burden—God will bear both it and thee.

Every good act is charity. Putting a wanderer in the right way is charity. Removing stones and thorns from the road is charity. Smiling in your brother's face is charity.

HISTORY TEACHING

CHANGE IS URGED

WASHINGTON.—Revision of textbooks used in American and English schools to present a more understanding picture of each country to the students of the other was urged by Miss Lucy Gardner, of London, organizer of the conference on the Christian Order in Politics, Economics and Citizenship of 1925, at a luncheon given in her honor by the Washington committee of the Federal Council of Churches and the committee on international good will of the Washington Federation of Churches.

Miss Gardner outlined the progress of the peace movement in Great Britain which brought together all the Christian churches in 1924 for a conference on the influence of Christian ideals in politics, economics and citizenship. The church workers of England have had steadily to combat the idea that the governments of nations are not concerned with Christian ethics. Only the co-operation of all groups who believe that moral precepts should be followed in government, administrations will dispel this illusion, she said.

"Another problem which confronts us who are working for morality in government is the disposition to make social reforms the material for party politics," Miss Gardner declared. "Child welfare, improvement of working conditions, penal reform, should be kept out of the realm of party politics."

SOCIETIES AND LODGES

There were recently more friendly societies and lodges added to the already large number in Drumheller. A few may say we have too many of these organizations. The general feeling is that the more societies, lodges, brotherhoods, clubs, we have, the more friendly we become, and if our town is to be judged by this indication, we can safely say, "Let 'em all come."—Drumheller Mail.

MACLEAN-ROGERS

A quiet wedding of interest to their many acquaintances in Southern Alberta was solemnized at Great Falls, Montana, on Friday, November 19th, when Mae Dorothy Rogers, widow of the late Mark Rogers, well known here, became the bride of David Maclean, of Waterton National Park. Rev. Father Foley officiated at the ceremony at the parsonage. Mr. and Mrs. Dennis Macleod, of Lethbridge, brother-in-law and sister-in-law, were the only attendants.

Mr. and Mrs. Maclean spent a few days in Great Falls before returning to the city.—Lethbridge Herald.

WILL KEEP ROAD OPEN

A. M. Morrison, president of the Coleman Board of Trade, has received word from Commissioner Davidson to the effect that the main highway between the Pass towns will be kept open and clear during the winter months. The letter is as follows:

"Edmonton, Nov. 16, 1926.

Dear Sir—I beg to acknowledge your letter of the 2nd instant and would advise that I have today referred to our district engineer at Lethbridge your request for the retention of patrol maintenance of the Coleman-Bellevue section of the Crows' Nest highway during the winter months. Our maintenance appropriation at this time is somewhat depleted, but we hope to keep this section of highway open for traffic during the winter months.

Yours faithfully,

C. A. Davidson,  
Highway Commissioner."

DISCOVERED EASY ROUTE TO SUMMIT CROWS' NEST MT.

Victoria, B.C., Nov. 19, 1926  
To the Editor:

In reference to the article published in the Echo regarding the Forestry Service wishing to establish a station on summit of Crows' Nest Mountain but found the ascent too difficult, I think it my duty, for public good, to tell them of a very easy ascent, a mere walk-up, which I discovered on August 8, 1915, and which I do not think is known by others. On that date I was exploring the base of Crows' Nest Mountain, and the route there, with a view to taking in some fellow members of the Alpine Club of Canada. I left the train at Sentinel siding, carrying my bedding and grub. After noting the steep rock-climbing required by the route taken on June 28, 1904, by Edward Whympere, the great Alpinist and his guides, and later on August 20, 1905, by four men, and on August 20, 1907, by a party of six, and on August 25, 1909, another party of three (these records are all preserved on the summit), I followed up the valley west of the mountain, through a grove of cedar trees, and left my pack near the stream and climbed up to timber line, carefully blazing the trees to enable me to find my bedding again. I followed along the base of the rocky cliffs to the mountain, and was just about to return to camp when I noticed a "draw" which looked as if it might afford an easy ascent, and so it proved a mere "walk-up," not a climb, and I was drawn on and on till I found myself by easy slopes, except for much loose stones at steep angles, on the summit. It was now about 5 p.m. and I had to think of reaching timber line before dark; to reach my bedding I knew was impossible, but I had reached the summit, the weather was mild, and so nothing else mattered. I reached the timber at dusk, built a fire, and rested on the soft growth under the trees, till morning light enabled me to follow my blaze down; and so eventually walked to Coleman, but before getting there, met on the road a friend, the editor then of the Coleman paper. I enclose a very simple plan showing the route: the way up is near the angle formed by Crows' Nest Mountain and the mountain wall which runs out from it, and which can be seen from the train when it is near Crows' Nest Lake; the mass of rock at the end of it resembles to me the head of a mastiff dog, in certain lights, and I always call it the Mastiff. I hope this may be of some use to the Forestry department.

Yours sincerely,

F. W. GODSAL.

(Forestry officials verify Mr. Godsal's description of this easy route of ascent for Crows' Nest Mountain, which in fact agrees with the route that was followed in their recent ascent of this mountain, although the earlier stages of the climb were made from the northeast approach, necessitating the crossing of the ridge between the "Crow" and the "Seven Sisters" to the north. It is true that no actual climbing would be required in the warm weather, but ice conditions on the steep north slopes in the late season of the year make travelling very slow and at times somewhat difficult. The Forestry officials greatly appreciate Mr. Godsal's interest and kindness in writing about this matter).—Pincher Creek Echo.

A Calgary friend has sent fifty dollars to the Coleman relief fund.

During the week we have had climatic conditions that belonged to all parts of the world. The thermometer seemed to travel all the way from fahrenheit to ten below zero, and the snow has been subjected so many times to orders to increase or melt away that it has decided to quit listening.

Now will that clever dispenser of joy, Who gave mother a permanent wave, Give us a permanent bath for the boy And father a permanent shave?

ELKS HOLD BIRTHDAY PARTY

One of the most successful and enjoyable events of the season was the birthday party staged at the Greenhill hotel grill room on Friday night last by the local Lodge of Elks, the occasion being the second anniversary of the institution of the lodge here. About forty members, with their wives and lady friends, attended.

Twenty hands of whist were played, following which a beautiful cake was uncovered. The cake was the handiwork of Mrs. F. M. Pinkney, as baker, and Messrs. Pruden, MacKay, Vojprava and associate workers, who had to do with the electrical decoration, and was indeed a work of art.

Luncheon was served, following which the cake was cut by Mrs. Pinkney, assisted by Mrs. Gillis, wife of the present exalted ruler of the lodge.

Prizes were next awarded for the whist, the successful contestants being: Ladies' first, Miss Chrystall; second, Mrs. F. A. Wallace, consolation, Mrs. B. MacAndrew. Gents' first, Mr. J. A. Kerr; second, Mr. M. G. Rhynas; consolation, Mr. W. Goddard. Prizes were presented by Exalted Ruler Gillis.

Dancing was then indulged in, peppy music being supplied by Mrs. Auermann's orchestra, composed of Mrs. Auermann, piano; Mr. Slopak, saxophone; Mr. Maurice Bond, drums, and Mr. Frank Johnson, violin. Circumstances and confetti were introduced, as was also a novel feature in the form of a snowball battle, in which a real fight of fifteen-minutes' schedule lasted fully an hour, affording excitement and exercise galore.

The party broke up at 2 a.m., all admitting having had the best time of their lives.

MEDICINE HAT STAR TO REMAIN AMATEUR

There is great joy in hockey circles in Medicine Hat. George Bond, elusive and spectacular Monarch defense player, is responsible for the overflow of rejoicing. Bond had an offer to try out for a position with Deacon White's Eskimos, but he has decided to remain in the list. A good railroad position looks better to him than the uncertainty of ice which are involved chasing a piece of rubber up and down the ice in pro company. He figures a bird in the hand is worth two in the bush, and to our mind he has the right dope.—Calgary Alberian.

The honeymoon is over when fancy work no longer seems necessary on an apron.

Inspector Field, of the Royal Canadian Mounted Police, was down from Fernie last week.

Mike Panek left here by Monday night's train enroute to the old country, where a relative lies seriously ill.

The city police got quick action when one John Evans Smith, of Fernie, was arrested in Pincher Creek yesterday and brought back to Fernie by Constable Cameron this morning. The case came up before Magistrate Henderson this afternoon and the evidence showed that on March 25th, 1925, the prisoner married Lillian Evans at Blairmore and that he again married May Walkwork, of Fernie, on November 5th of this year, the first named wife being still alive. The accused was sent up for trial.—Fernie Free Press.

Rumor has it that Mrs. Margaret McRae, formerly of Blairmore, who is accused of shooting her husband, A. F. McRae, a disabled war veteran, may be committed to a mental home on the Pacific coast. The woman stands charged with murder and her trial is set for the next session of the criminal sittings at Victoria. According to dispatches, fears are expressed for the sanity of Mrs. McRae, who has shown signs of losing that remarkable calmness which marked her demeanor immediately after the tragedy.

## Here and There

Fifteen head of shorthorn stock owned by the Prince of Wales at his ranch near High River, Alberta, were purchased for the Kirkwood Farm in California, according to an announcement made by Prof. W. L. Carlyle, manager of the Prince's ranch.

Canada's largest muskrat ranch is now being established at Swan Lake, about 40 miles west of Quesnel in central British Columbia. There are about 4,000 muskrats on the farm now and it is estimated that the ranch will eventually have an annual output of 50,000 pelts.

The S.S. Emperor of Port McNicoll, purchased by the Canadian Pacific Railway Company and renamed the S.S. Nootka, sailed from Montreal recently for Newfoundland and will then proceed to Vancouver via the Panama Canal to join the Canadian Pacific coastal fleet. The Nootka will be operated on a cargo service between Vancouver and Skagway, Alaska.

Edmonton.—The first plant in Canada, outside of British Columbia, for the freezing of fish, poultry and eggs under the Otteson process, will be operating in this city by June 1st, according to P. Johnson, managing director of the Johnson Fisheries, Limited. His firm paid \$10,000 for the rights of the territory. The initial capacity of the plant will be fifteen tons a day.

Victoria.—The new drydock just completed at Esquimalt, Victoria, is the second largest in the world and only 29 feet shorter than the Commonwealth dock at Boston. This giant dock, hewn out of solid rock, cost \$500,000 and measures 1,150 feet long, 149 feet wide at the 125 and 126 at the bottom. Its depth is 49 feet 5 inches with 40 feet of water in the sills at high water. The dock will take the largest ship afloat.

The shipment of Canadian apples to England and to many centres on the Continent is expected to be heavier this year than ever experienced, according to J. R. Martin, manager of the foreign freight department of the Canadian Pacific Express Company. About three years ago the practice of sending Canadian apples to the Old Country as Christmas gifts became popular, and the shipment each year have correspondingly increased.

Facilities at the Eastern Public Cattle Market in Montreal have been augmented by the addition of a new export cattle building, which was opened recently. This new building is considered one of the finest of its kind on the continent and has accommodations for 50 carloads of cattle. By the arrangements of 25 cattle chutes on each side of the main alley-way, a train of 25 cars can be unloaded at each side of the building.

According to the western farmer a feature of the present year's harvest was the use of "combines"—the combine reaper and thrasher now being made by several important manufacturers in this country. One farmer using this outfit claims to have covered from 35 to 50 acres per day at a cost of 46 cents an acre. He says that they save the cost of time and about nine-tenths of the labor of harvesting. The implements cost about \$2,000.

A preliminary conference, the results of which may be of the utmost importance to the Maritime Provinces, was held in the Board Room of the Canadian Pacific Railway at Gently at the invitation of E. W. Beatty, chairman and president of Windsor street station here re the company. It was attended by Hon. E. N. Rhodes, Premier of Nova Scotia; Hon. J. B. M. Baxter, Premier of New Brunswick; Hon. J. D. Stewart, Premier of Prince Edward Island; E. W. Beatty, chairman and president of the Canadian Pacific Railway; A. V. Gale, Governor of the Hudson Bay Company; Colonel Stanley of the Hudson Bay Overseas Settlement; G. W. Allan, director of the Hudson Bay Company; and Dr. W. J. Black, representing the Canadian National Railway.

An excellent specimen of bull moose with an antler spread of 48 inches was secured recently in the woods of Nova Scotia by James W. Stuber, sportsman-editor of Columbus, Ohio, who headed an expedition into Nova Scotia for the purpose of securing exhibits for the Ohio State Museum. In reporting on his trip at the tourist department of the Canadian Pacific Railway in Montreal, where details of the expedition were arranged, Mr. Stuber stated that, according to guides and old residents in the district where the moose was killed, it was one of the finest ever taken out in years.

## Here and There

The financial statement of the Canadian Pacific Railway issued at Montreal for the seven months of 1926 ending July 31st, shows the large increase in the net profits of \$6,091,801.22 over the net profits for the first seven months of 1925. The gross earnings were \$101,836,207.11, as compared with \$90,243,867.75 for the first seven months of 1925.

Unofficial estimates prepared by the authorities of the Department of Commerce, Washington, estimated that Americans visiting Canada this year would spend approximately \$190,000,000. This estimate was intimated to be very conservative and that it was more than likely that the amount would exceed the \$200,000,000 mark.

Announcement was made recently over the signature of E. R. Todd, freight traffic manager, Canadian Pacific Railway, of the appointment of D. A. Wanklyn as Industrial Commissioner of the Railway, with office in Montreal. Mr. Wanklyn replaces Graham W. Curtis, who has resigned, to fill the position of general manager for Montreal Rail and Water Terminals, Limited.

Otis H. Kahn, chairman of the board of directors of the Metropolitan Opera Company, accompanied by a party of internationally known financiers of New York, visited the National Exhibition at Toronto recently. Mr. Kahn, who is perhaps the leading art and music patron of the United States, addressed a luncheon of the directors of the Exhibition on September 2nd, the day of the Exhibition, which was set aside as "Music Day."

It is understood that purchases in Canada of 5,000 railway cars may result from the visit of the engineering expert, Mr. Vandergrucht, and the Transport Commissioner's representative, Mr. Baronsky, who have been delegates by the Soviet Republic to investigate the possibility of securing this number in Canada. They have also been instructed to make a study of the organization of the Canadian railway shops and the repair methods in general.

Three wolf cubs were caught recently near Lake Douville in Northern Ontario by Arthur Beauvais, well-known driver of the Chateau Frontenac dog team at Quebec, and will be trained by Beauvais for the harness. He is confident that by mingling the wolves with huskie puppies for several months they will lose some of their wolfish nature and make an attractive addition to the Chateau team. Beauvais states that, while wolves have endurance, they have not the "heart" of a huskie dog.

Two world's swimming records were established at the Crystal Gardens swimming pool at Victoria recently, when Edith McNamee, of New York, swam 880 yards in 12 minutes and 41 seconds, or nine seconds better than the previous woman's record for this event; and when Agnes Garahy, also of New York, clipped five and two-fifths seconds off the previous record for 200 yards, by completing the distance in three minutes and 12 and three-fifths seconds.

Celebrating the change in name of the historic Dominion Express Company to that of the Canadian Pacific Express Company, a street parade in Montreal was held September first, the day of the change in name, consisting of every description of Express vehicle, new and old. Sam Nightingale, a driver of 30 years' service, headed the parade seated in a wagon of 1890 vintage, and hauled by "Babe," a horse that has been in constant service with the company for 19 years. Similar parades were held at Toronto, Winnipeg and Vancouver.

Toronto.—The Ontario Government is spending \$1,000,000 during the present fiscal year to make hydro-electric power available to the farmers of the province. This follows the plan begun by the Drury Government, of paying one-half cost of primary line construction, and later extended by the Ferguson Government to secondary line work as well.

One hundred young men from the British Isles will take up their studies of Canadian farming at the Agricultural College at Orla, Alberta, soon. Seven of these prospective Canadian farmers arrived in Canada on the Canadian Pacific liner "Montcalm" recently, being brought out under the Headley Immigration scheme, which is being carried out in conjunction with the Empire Settlement Board.

## PINCHER CREEK AND COWLEY ODDFELLOWS SPRING SURPRISE

About twenty carloads of Oddfellows from Pincher Creek and Cowley paid a surprise visit to Bellevue Lodge at the regular meeting on Monday night. They brought with them, besides provisions to supply a multitude, an array of talent that would be hard to duplicate.

Arriving at Bellevue at 8 o'clock, the visitors were given the key and full charge. The initiatory degree was conferred in a very able manner and several speeches followed from representatives of the various lodges present, which included Pincher Creek, Cowley, Bellevue, Blairmore and Coleman.

Following the meeting, the Rebekahs were admitted and a splendid programme of songs, readings, stories and speeches was rendered, Bro. A. L. Freebairn, of Pincher Creek, in charge.

Refreshments were served by the committee, several long tables being laden bountifully with sandwiches, cake, fruit, etc., all provided by the visitors, whose supplies extended to such items as ten-gallon cans of milk and cream, cases of fruit, hundreds of cigars and cigarettes and confections galore.

This grand re-union of lodge members reminded one of the good old days when inter-lodge visitations were frequent and when a different interest in lodge matters was taken than is manifested today. It was good to see so many of the pioneers of Oddfellowship in this district still remaining active, and it is hoped that before long other events of a similar nature will be staged.

## ANDERSON-JORDAN NUPTIALS

(BELLEVUE, Nov. 26).—A wedding of interest to Bellevue and district was solemnized at the United church here on Wednesday, when Miss Nancy Jordan, youngest daughter of Mr. and Mrs. Geo. Jordan, of Bellevue, became the bride of Howard Anderson, of Rawley, Alberta. The ceremony was performed by Rev. J. W. Oliver. The bride entered the church on the arm of her father, Geo. Jordan. The wedding march was played by Albert Christie and the church was filled to capacity. There was not standing room. The bride was supported by Miss Gladys Knowles, while the groom was supported by a brother of the bride, Geo. Jordan, Jr. The young people, friends of the popular young couple, had the church very tastefully decorated. After the ceremony the couple drove to the home of the bride, where a beautiful wedding supper was served. The table was very nicely decorated in pink and white. On the table where the bride and groom sat was a large wedding cake strikingly decorated and all round the cake were hockey sticks made of sugar, the handiwork of "Dad" McKenzie. After supper the large room was cleared and the rest of the evening was spent in games and music till 10.45, when the bride and groom left by the night train for Calgary for a few days, on their honeymoon. The bride received a large number of beautiful presents. The bride and groom will start house-keeping at Trail, B.C., with the best wishes of their many friends from Bellevue.—Lethbridge Herald.

Two things that cause most unhappy novads are envy and static.

Looks as though Ontario will not be in need of moisture now for some time.

Lem Hing, alias Lem Chuey, and Lem Wei Chang, two local Chinamen, charged with being in possession of opium, appeared before Magistrate Gresham last week and were remanded for trial.

Major Mario de Barnard, of Italy, Schneider cup winner, made an average speed of 258 miles an hour over a three-kilometer course. His fastest time was 272.132 miles an hour, flying with the wind.

## BOARD OF AUDIT IS APPOINTED BY GOVERNMENT

Ottawa.—The Government has appointed the members of the board of audit, which was created by act of parliament in 1925. The board will consist of Gordon W. Scott, of Montreal, and E. Jay Howson, of Toronto. The board of audit, acting under the Minister of Finance was given wide powers by the 1925 act. Upon instructions, it can be put into any Government department, the Canadian National Railways, the Canadian Government Merchant Marine, or investigate "the financial affairs of any commission or other public body, the operations of which are carried on by appropriations from the treasury of Canada or which are aided by grants or loans from the said treasury." The board reports and makes its recommendations to the Minister of Finance, who places the reports before Parliament.

It is understood, although there has been no official intimation, that the newly-appointed board is to be assigned a task in the near future. The board has all the powers of a royal commission to summon witnesses and take evidence. With the approval of the treasury board it can engage clerical assistance. Its members hold office for a term not exceeding five years and shall devote such portions of their time to the work "as may be found reasonably necessary." They are paid by the treasury board sums not exceeding \$3,000 a year.

A further power of the board is stated in the act. "The treasury board may from time to time extend the powers of the board to include inquiry into any other undertaking or service which has received or is seeking aid from the treasury of Canada and may be deemed to be in the public interest."

## To Lead B.C. Conservatives

Hon. G. F. Tolmie is Chosen as Leader of the Party

Kamloops, B.C.—Hon. G. F. Tolmie, member of the House of Commons for Victoria city, was the unanimous choice of the provincial Conservative convention for president of the party in British Columbia. Dr. Tolmie's election came after he had first refused to accept the position offered him, on condition of Lord J. Laidlaw, M.P., and Senator J. D. Taylor, both candidates throughout the day for the leadership. Dr. Tolmie, however, agreed to reconsider his refusal and later the convention gave its endorsement.

The new provincial Conservative leader is a native son of British Columbia, his father having been a pioneer of the Pacific Coast. He was first elected to the House of Commons at the general election in 1917, for Victoria city and has represented the riding ever since. In 1912 he was federal minister of agriculture, retaining that portfolio until December, 1921. He is a graduate of the Ontario Veterinary College, and is a farmer and breeder of pure bred livestock. He has always taken great interest in agriculture.

Dr. Tolmie was born in 1867.

## Franco-German Commission

Suggestion of Premier King for Boundary Commission is Well Received

London.—The Evening News says an indirect, but important outcome of the imperial conference is the proposal to constitute a Franco-German boundary commission, modelled on American-Canadian commissions, which would settle all questions relating to the Franco-German frontier. It is understood the suggestion originated with Premier Mackenzie King, who submitted it to Lord D'Abernon, British ambassador at Berlin, who was much impressed with it and readily undertook to give it his practical support.

Argentine Wheat Yield Low Buenos Aires.—A surplus of 3,000,000 tons of wheat, representing a fair harvest but below the level of the bumper crop predicted several months ago, is forecast by leading grain-dealers. Early threshing in the northern wheat belt indicates that the quality and yield will be satisfactory.

Disastrous Floods in France Nice, France.—Twenty persons were killed in the town of Roquebillere, Department of the Alpes Maritimes when more than a score of houses collapsed, their foundations having been undermined by a torrent from the Vernoble River.

W. N. U. 1657

## To Adopt New Methods

New Zealand Will be the First to Adopt New Plan of Empire Communication

Edinburgh.—The most distant of the Dominions, New Zealand, may be the first to adopt the new methods of communication which were indicated in the report of the Imperial conference premiers' committee on inter-imperial relations—a system of personal contact, both in London and in the Dominion capitals, to complement the present system of inter-communication by telegraphing in the supply of information on affairs requiring joint consideration.

Premier J. G. Coates, speaking here today, announced the intention of the New Zealand Government to consider methods of putting into effect early the suggestions in the report as to the establishment of personal contact between the Dominions and Great Britain and the Dominions between themselves.

The plan indicated in the report of the premiers' committee is the appointment of special representatives who will keep the governments to which they are attached adequately informed of the policies of their home governments.

## W. J. Bowser Retires

Former Premier of British Columbia Withdraws as Candidate for Party Leadership

Kamloops, B.C.—W. J. Bowser, former premier of British Columbia and for many years a dominant figure in provincial politics, definitely announced his retirement as a candidate for the party leadership at a session of the Conservative convention. Mr. Bowser's decision to retire, it was explained by his friends, is a statement given out under his authority, was reached in order that "a split in the party might be avoided."

"The old chief believes he could have carried the convention by a small majority," according to the statement; "but in so doing he would cause a serious split in the party. At his age he did not wish to undertake the difficult task resulting from such a break and he felt in any case that for the good of the party, he should retire."

## Memnonites Leave Canada

Objecting to School Laws, Fifty of Memnonites Leave for South America

Winnipeg.—Settlement ties of 50 years were broken recently when 250 Memnonites from Manitoba settled in Paraguay, South America. Those leaving the settlements are members of a group which has repeatedly expressed dissatisfaction with the educational laws of the province, which they claim are in violation of the Memnonite religious beliefs.

The Memnonites will proceed to New York and sail from there for their new home under the auspices of a New York land company. The exodus may be the forerunner of a greater movement, Memnonite leaders state. Many others in the settlements in Manitoba will join the group in Paraguay if conditions there are found satisfactory.

## Germany Ready To Help

Now Up to France to Show Appreciation, Says Chancellor Wirth

Berlin.—Former Chancellor Wirth declared in the Reichstag that Germany's entry into the League of Nations and German readiness to promote stabilization of the French currency were national sacrifices. His remark that it behooved the French to appreciate this fact and that it was the duty of the German parliament to declare before the whole world that "these sacrifices demand French concessions" was greeted with thunderous applause.

Dr. Wirth resumed: "Now France has the floor, and must show if it intends to serve European solidarity or the rather narrow minded egoism of a single nation."

## Waterways Report

Ottawa.—Canada's attitude on the perplexing problems of deep water development of the Great Lakes-St. Lawrence Waterways, indicated by the published report of the joint board of Canadian and American engineers, probably will receive the consideration of the Dominion Government as soon as the report is fully complete.

## Saskatchewan Bells Bonds

Regina.—Sale of 30-year, 4½ per cent Saskatchewan bonds at 92 has been announced by Premier Gurney. With the exception of one sale in July, 1925 it is the best price received in several years. The Dominion Securities Corporation, Toronto, was the purchaser.

## Lord Byng's Farewell To Canadian Scouts

Read at General Council Meeting by Viscount Willingdon

Ottawa.—"Goodbye; good luck; good scouting!"

This was Byng of Vimy's farewell to the Boy Scouts of Canada. It was read at the first general council of the Boy Scouts Association under Lord Byng's successor, Viscount Willingdon, here. His Excellency presided for the first time as chairman and briefly expressed his pleasure in accepting the office of chief scout for the Dominion.

Satisfactory progress was reported to the chief scout. Membership in the Boy Scouts in Canada now exceeds 40,000. A congratulatory report was read from Sir Alfred Pickford, of the Imperial Boy Scout Association, who toured Canada last spring.

## Obtain Aviators' Certificates

Two Women Members of London Flying Club Pass Tests

London.—Two more women have obtained aviators' certificates, at the Stag Lane Aerodrome Club. They are Lady Bailey, wife of the South African millionaire, Sir Abe Bailey, and Miss Norah O'Brien. Both are members of the London Flying Club, and passed their qualifying tests in a two-seater Moth. The tests included landing and taking off, cutting a figure of eight in the air, ascending to a specified height and landing with the engine shut off.

## PARLIAMENT IS PREPARING FOR EARLY SESSION

Ottawa.—With the opening of Parliament only a few days away the cabinet is meeting for several hours daily. The speech from the throne, which will be delivered on September 10, is in the course of preparation and it is understood that it has been the subject of cable communication between Premier King and his cabinet in Ottawa.

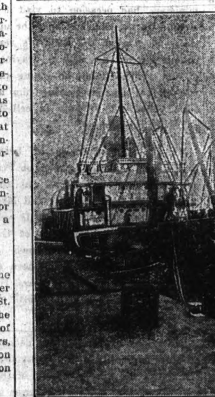

Announcement is expected very shortly of the awarding of the steamship contract, which will complete Canada's obligations under the West Indies treaty. The tariff concessions necessary to implement the treaty were passed by Parliament at its last session but the special steamship services, which form a part of Canada's bargain, comprised the only thing which kept the treaty from being fully in effect. All the islands of the West Indies, Bermuda, British Guiana and British Honduras have ratified the treaty but have been waiting for the steamship service.

## Not Planning League

Moscow.—On the eve of his departure for Germany, George Tschichow, the Soviet Foreign Minister, told the newspapermen that his recent meeting with Tawfik Ruzhdi, Bey at Odessa was not concerned with the creation of Pan-Asiatic or any other league, and no agreement directed against other powers was concluded by them.

## Appointed Translator at Geneva

Ottawa.—J. E. A. Johnston, Vancouver, has been appointed translator in the International Labor Office of the League of Nations at Geneva.

## New Unit for C.P.R. Coastal Fleet

To cope with the increasing Pacific coast traffic between Vancouver and Alaska, the Canadian Pacific have purchased the S.S. Emperor of Port Moresby, which will be renamed the S.S. Nootka and placed in the Company's coastal service. This sturdy vessel, with displacement carrying capacity of 3,460 tons, sailed recently from Montreal for Newfoundland where she was scheduled to load with steel and proceed to Vancouver via the Panama canal.

## INITIAL PAYMENT OF FORTY CENTS FOR POOL OATS

Regina.—Initial payment on all grades of pool oats will immediately be increased by six cents per bushel according to a decision arrived at by the central board of the Canadian Wheat Pool. This will raise the initial price basis No. 2 C.W. oats in store at Port William to 40 cents per bushel.

The change of price will take effect November 29 at all country elevators. Pool members who have already delivered and received their initial payment on the 24 cents basis, will receive the additional payment immediately on the surrender of their growers' certificate. All oat certificates should therefore be turned in at the earliest possible moment.

This decision has been brought about by the altered situation on the market for oats. At the time the initial payment was set, conditions did not appear to warrant any change from the initial payment set last year. Market conditions in respect to the domestic demand for seed and feed oats have since developed, that have led the board to the conclusion that an increase on the initial payment may now be made with safety and advantage to coarse grain pool members.

## Australia Likely To Establish Wheat Pool

Would Have Less Difficulty Than America Says G. W. Robertson

Winnipeg.—Australia, in increasing its wheat production at a great rate, is definitely moving toward the establishment of a wheat pool system such as in operation in Canada, according to George W. Robertson, of Regina, secretary of the Saskatchewan Wheat Pool. Mr. Robertson, along with other officials of the Canadian pools, recently returned from a visit to the Antipodes and in an interview here reviewed the present system of marketing in Australia.

Australia at the present time has voluntary pools and plans now are under way to institute the contract system and possibly a central selling agency along similar lines to the Canadian pools.

In organizing contract pools, Mr. Robertson believes Australia would have less difficulty than that experienced in Canada, owing to the long existing existence of a grain exchange.

## May Withdraw Allied Control

Paris.—Early withdrawal of allied control of Germany's military affairs, to be succeeded by periodic supervision by the League of Nations, is now looked upon as certain in French official circles. The French and German governments it was said by a high authority, have virtually agreed as to the means whereby this change may be made.

## Electrified Eggs Laid Igen

Liverpool.—Electrified eggs, guaranteed to keep for years and designed to aid in keeping down the cost of living, have been placed on the British market. This invention, by which eggs are sterilized by means of an electrified heated oil bath, makes possible, it is claimed, to keep eggs almost indefinitely.

## Settle Pacific Cable Dispute

Premiers' Committee of Imperial Conference Has Revised Agreement

Ottawa.—Powers of the Dominion Government are increased and powers of the British Government are diminished as regards control of the Pacific Cable under the new agreement made by the Premiers' committee of the Imperial Conference in London. Two instead of three members will represent the British Government on the board and the chairman will be appointed by agreement between the partner governments instead of by the British Government solely.

The revision of the agreement means the end of a dispute which has been going on for years regarding the management of the Pacific Cable between Canada and Australasia. The various Dominion Governments interested are represented on the board and will share the profits on operation of the cable. Coincident with the revision of the agreement a new cable between the west coast of Vancouver Island and New Zealand and Australia has been opened, doubling the facilities.

## Leonid Krassin Dead

Soviet Diplomat Was Victim of Pernicious Anemia

London.—Leonid Krassin, Soviet charge d'affaires in London, died here Nov. 24.

Friends of Krassin who saw him here were shocked at his death. He appeared in good spirits and seemed to be shaking off the pernicious anemia from which he had long suffered.

At the Foreign Office in Downing street, tribute was paid to Mr. Krassin as a sensible and responsible diplomat who, if he had not died, undoubtedly would have brought about improved relations between Russia and Great Britain. It was said that Krassin's greatest value to Moscow was that he commanded the respect and confidence of the British financial world.

## Condemns American Films

India Protest Against Pictures of "High Speed Civilization"

London.—Apprehension that the Imperial Conference does not realize the gravity of the situation arising from America's dominance of the world film market, is expressed in reports from India.

"No language is too strong," says the Times of India in an editorial called here, "to condemn the films with which America is plunging India. Hindu members of the Legislature have demanded that the government prevent a continuance of 'this evil stream of misrepresentation,' and have been told that it was not possible. The newspaper concludes no remedy is possible unless the authorities are prepared to take stern action."

## WILL APPROACH COMPANIES IN WAGE DISPUTE

Montreal.—"No reason for excitement exists," declared W. G. Lee, president of the Brotherhood of Railroad Trainmen, when questioned in regard to the railway situation in Canada caused by a ballot of conductors, trainmen and yardmen which resulted in a record award of a concession board which refused them a wage increase. Some 800 representatives of these employees met in session here.

Mr. Lee made his statement when he was questioned about as to the prospects of a strike developing. "Matters with us are conducted in a businesslike way," he said, and explained that following the termination of the conference, the matter would then be one for approach to the railway companies.

Light was thrown by a dispatch from Montreal on the attitude which would be taken by the locomotive engineers should a strike of conductors and trainmen occur. George A. Stone, general chairman of the Brotherhood of Locomotive Engineers, in an interview in the New Brunswick city, said the brotherhood was bound by a contract with the Canadian railways, and the executive officers of that union had announced that the engineers at least would observe the contract. Nevertheless, Mr. Stone said, the engineers must have regard for the safety of passengers and of other employees and this would doubtless be considered should there be a strike of the other branches.

Although no official statement was issued from the conference it is understood the results of the recent referendum have been forwarded to the federal department of Labor.

## NO CHANGE IN VETO RIGHT OF GOV.-GENERAL

London.—Premier Baldwin, replying in the House of Commons to several questions with regard to the work of the Inter-imperial relations committee of the Imperial Conference, said the right of Governors-General to refuse assent to Dominion parliamentary measures, or to reserve measures for the consideration of the Crown was not dealt with by the committee. He was not aware of any change contemplated in the right of veto, he added.

One of the questions touched on appeals from the Dominions to the Privy Council. Premier Baldwin said he was unable to give assurance that the Imperial Parliament would be consulted regarding a change in the judicial appeal from the courts of India and the Dominions.

## Victims Of Chinese Pirates

Priest and Nuns Survive Raids Made by 21 Different Gangs

Hong Kong.—Father W. A. Fletcher, and several nuns, were rescued from raids made by 21 different gangs of pirates, on the steamer Wai Kong, bound from Kiangmoon for Yeeungkol, the priest and the nuns were robbed and locked in a small stateroom for sixty hours. The Canadian vessel was escorted by twelve well dressed Chinese, posing as passengers, shot and killed the Chinese soldier guards, the purser, cashier and clerk of the Waihai, beached the vessel, robbed the passengers and brutally murdered the cargo of kerosene, food supplies and furniture.

The Chinese passengers were taken ashore by the bandits and held for ransom.

## Greenland Receives First Radio Concert

Acknowledges Music and Messages Broadcast From Pittsburgh

Montreal.—Receipt of the first radio concert in Greenland is acknowledged in a wireless message, which has reached George W. Wendt, agent here of the company which will broadcast from Pittsburgh. The message was sent by residents of Godhavn, Greenland, to Iceland and from there to Copenhagen. It thanked Mr. Wendt for the message. The first broadcast of the company will be a concert of popularizing the broadcast, which was of music and messages from relatives. The broadcast was picked up on a short wave set.

## Shrine Of St. Anne De Beaurpre

Redemptorist Fathers Will Use Remains of New Church in Course of Construction

Quebec.—The Redemptorist Fathers, who are in charge of the shrine at St. Anne De Beaurpre, have decided to use the remains of the new cathedral, now in course of construction, for the shrine. The shrine will be built on the site of the old shrine, which was destroyed by fire when the temporary chapel was consumed early this month, will replace the St. Anne De Beaurpre next month.

No relics were lost by fire.

## Receives Royal Approval

King George Favours Appointment of Hon. Vincent Massey

London.—His Majesty the King has given approval of the appointment of the Hon. Vincent Massey as first Canadian Minister Plenipotentiary to the United States. Mr. Massey was appointed to the Washington post by an order-in-council issued by the Canadian cabinet at Ottawa November 10. He is 50 years old, a graduate of the University of Toronto and Oxford and was a member of the Mackenzie King cabinet in 1925.

## U.S. Trade Isolation

Washington.—Trade isolation is a doubtful prospect for the remedy of the ill of United States farmers to the opinion of the United States Chamber of Commerce foreign commerce department. Surveying the agricultural export prices over a 15-year period, 1910-1924, in a statement the department also assailed the theory that the farmer is at the mercy of the foreign buyer and that prices are fixed at Liverpool.

Contrary to general opinion, American livestock is no longer washing race. Their numbers in the United States are increasing.

W. R. Morrison, a C.P.R. employee formerly of Coleman, was killed by a train in Moose Jaw yards on Saturday last. Morrison's father died a few months ago. His mother still lives. He leaves a young widow and two sons, aged 6 and 10 years, as well as several sisters and brothers.

A lodge of Moose will shortly be instituted at Drumheller.

Dad's advice: Son, the key to success doesn't fit a night latch.

Mrs. W. Turner has been confined to her home through illness for a few days.

When the day breaks, some men are too lazy to make use of the pieces.

The regular meeting of the town council will take place on Monday night next.

Tom Masson says: When doctors get sick, they are more scared than the rest of us. They know who treats them.

R. J. Follis, an inspector under the Alberta Liquor Control Act, spent several days in The Pass towns last week.

Miss Edna M. Fulton, of the Hillcrest high school staff, was a visitor here last week end, the guest of Mrs. J. Spence.

The children of Frank are anxiously looking forward to their forthcoming Christmas Tree, which will be the best ever.

Very comfortable, well located, five-room house to rent or for sale. Commodious outbuildings. See us. F. M. THOMPSON CO.

"The Birth of a Nation" will be the big attraction at the Orpheum Theatre on tomorrow and Saturday night. Matinee Saturday afternoon.

George Johnson, one of the victims of the mine disaster at Coleman, was a brother-in-law of Joe Purvis, of Calgary, and Walter Purvis, of Coleman.

Grand Chancellor P. L. Backus, of Red Deer, and Grand Vice-Chancellor W. T. Bannan, of Medicine Hat, paid an official visit to Wheaton Lodge, Knights of Pythias, at Drumheller, on Monday evening.

Rev. Father Harrington received word this morning of the death of his brother, J. Harrington, at Killalea, Ontario. Father Harrington leaves by tonight's train for the east to attend the funeral.

Gene Tunney, heavyweight champion of the world, was arrested at New York on Monday, charged with violating the boxing law by appearing in an unlicensed exhibition, and was released on \$2000 bail.

The Calgary Tigers' roster for this season includes the following names: Ernie Anderson, Sparrow, Headley, Ronnie Martin, Bud Mackie, Orton Evans, Douglas Young, Buster Hurman, Clint Adams and Dutch Gainer.

Edmonton will be the headquarters of the Alberta division of the Red Cross Society. The move from Calgary has been under discussion for some time and it is estimated that it will result in a saving of \$5000 a year to the society.

The East Kootenay Power Company placed \$250 in the hands of Mayor Burns, of Coleman, for distribution amongst the families of the men imprisoned in the mine. In addition to this, a cheque for the sum of \$1000 has been received from President Lewis, of the United Mine Workers of America.

Word has been received from Mr. F. W. Gotsdal, old-timer of Cowley, now residing at Victoria, B.C., announcing the death in California of Mrs. Joe Smith, which occurred on November the 8th. Mrs. Smith was one of the first white women to come to the old Fort Macleod, and for a time resided at the Gotsdal home, Cowley.

Judge Emerson J. Marks, of the Orange County superior court, sentenced the Rev. Philip Goodwin, aged 28, to be hanged at St. Quentin on January the 14th, for the murder of J. J. Patterson, a bond broker of Los Angeles. Goodwin was a priest of the American Catholic church and the murder was committed on March the 14th last.

**Local and General Items**

Mar has his prior, woman has her figure—both are uncertain.

The world's amateur hockey champions, of Fort Arthur, will play in Calgary tomorrow night.

A fashion report says that women will soon be covering their faces with veils. Well, that's a start.

Mr. W. I. Huston has been a patient at the local hospital for a few days. He says: "It's nothing serious."

D. J. and Mrs. LeRoux, world walkers, paid Blairmore a visit on Friday, continuing on to Coleman on Saturday.

John Johnson, father of George, arrived in Coleman on Monday night from Vancouver, to attend the funeral of his son.

The Famous Lasky Players Limited have announced that they will establish a plant in British Columbia for film production.

An addition is to be built to one of the hydro-electric power plants in Newfoundland, to cost upwards of four million dollars.

F. J. White, M.L.A., of Calgary, has been elected to succeed Mr. Frank Wheatley as president of the Alberta Federation of Labor.

Thirteen school children were killed recently when a small schoolhouse near La Plata, Maryland, was destroyed in a hurricane.

Mrs. A. H. Baker, who has been ill at her home on Royal Avenue for the past four weeks, is reported to be much improved—Calgary Albertan.

JOHN F. MILLER, eyesight specialist, of 404 Underwood Block, Calgary, will be at Blairmore Pharmacy in Blairmore on Tuesday, December the 7th.

G. D. Plunkett, secretary-treasurer of the Pincher Creek town council, was a delegate to the annual convention of the Union of Alberta Municipalities at Edmonton.

A successful whist drive was staged by the members of Viny Chapter O.E.S., at the Lodge Hall last night, following a sale of work, etc., conducted during the afternoon.

The Canadian National Railway is sending John Gordon, of Innisfail, and R. K. Peck, of Edmonton, two successful Alberta farmers, to Great Britain to talk about farming possibilities in Canada.

Henry Ford plans to compete with the devil by finding honest work for some five thousand youths, just to keep their minds off idleness. That many boys, between the ages of 16 and 20 years, will be taken on as quickly as possible.

Mr. W. A. Vaughn, popular local district drummer for the Western Canada Wholesale Co., of Fernie, has been granted a holiday and leaves Blairmore tomorrow night to visit his old home at Wolfville, Nova Scotia. Mr. Vaughn expects to be away for about three months.

The funeral of the late Robert Fairfull, one of the victims of the McGillivray Creek Coal Co. mine disaster, took place at Coleman on Friday afternoon last and was very largely attended. A funeral service was conducted at the home and again at the United church by the Rev. J. H. Bevan, and the remains were laid to rest in the general Protestant cemetery.

Newspapers say the ambitious have paid as much as \$1000 for a seat that would enable them to sit near Queen Marie, when she was touring the States recently. Those unable to afford this luxury, may find comfort in the thought that if they behave themselves they will be able through all eternity to sit not far from the Great White Throne itself and it won't cost them a cent.

A two-room shack for rent. Apply to The Enterprise.

Receipts from the sale of poppies in the city of Cranbrook amounted to \$874.

The Lethbridge Crystal rink opened for skating on Friday night last, with free skating for everybody.

The Elks will hold their annual dance this year, as usual, on New Year's Eve. Watch for posters.

A lodge of the Daughters and Maids of England was instituted at Nelson, B.C., on November 29th.

Five miners were rescued alive after having been entombed in a Pennsylvania coal mine for nine days.

Corporal Culverhouse, of the Fernie detachment of the R.C.M.P., returned to Fernie last week end, after having spent several days here on special duty.

The mayor of Lynn, Massachusetts, insists that teachers must not smoke during school hours—but do their smoking in the hereafter.

The ladies of the Altar Society of St. Anne's church realized in the neighborhood of \$700 net from their annual bazaar last week.

While an automobile has no tail to go over the reins and cause a runaway, it often has a screw loose over the wheel who causes a smashup.

The present weather continuing, the arena will be open for skating tomorrow (Friday) night at seven o'clock, we understand, with a free night for skaters.

Roy MacDonald, aged twenty-three years, second son of Mr. and Mrs. Ben MacDonald, of Pincher Creek, died at Invermere, B.C., Thursday last. The remains were brought to Pincher Creek for burial.

Ducks put in practically their first appearance last week end, when because of lakes being frozen up they were obliged in their southerly flight to light in the streams in this neighborhood. Some hunters were out and picked off a few of them.

One or two stool pigeons were practicing their mean and unfair tactics in this district last week end. When there is not the slightest reason to suspect lack of respect for the law by local licensees, why on earth should it be necessary to send low-down individuals into a respectable community to try cause them to break the law?

During the arranging of booths, etc., for the Elks' swimming pool carnival at Drumheller, one of the local ministers had occasion to visit the scene. He was standing near the upstairs door when the butcher's representative arrived with a drayload of hams. The latter, on seeing the parson, but not recognizing him as such, yelled out: "Where in hell do you want these hams?"

Mr. J. S. McEachern, of Lethbridge, was a visitor to town on Friday last, and while here was the guest at the home of Mr. and Mrs. C. A. Foote. Mr. McEachern is well known throughout this part of the district, having been in business in Moyie in the firm of McEachern & McDonald for a number of years. He left for West Kootenay on Saturday's train—Kimberley Press.

The Italian government has declared by proclamation of 9th September last that notes issued by them of the denomination of \$25.00 will cease to have legal course on December 31st, 1926, and will be declared worthless on June 30th, 1927. Apparently this step has been taken in order to reduce the amount of currency outstanding in Italy, and notes of this denomination have been selected for this purpose as they have never been particularly popular.

I'll slip up and see you.

Mr. Owen Morgan was down from Saunders over the week end.

A. Watson has been elected president of the Fernie curlers, and Mr. A. Walde secretary.

The fellow who used to put notches on his gun now has a son who puts them on the bumper.

One of our exchanges refers to the inspector of hotels as "Follies." Well, he's just one of them.

Arthur Isaacson was fined twenty dollars for saying "Amen" too loudly in a Minnesota church.

A general meeting of the Blairmore Board of Trade is to be held this evening at 5 o'clock, at the office of the Crows' Nest Pass Motors.

The trouble with these salesmen who want to "let you in on the ground floor" is that they have already let several other fellows into the cellar.

Senator Michener and family, of Red Deer, will make their home in Calgary, where a son, Mr. Roland Michener, will take up legal practice.

Barbers have not yet invaded India. Probably the reason is that instruments suitable for the handling of mohair have not yet been invented.

H. Bossenberry has been chosen president of the Pincher Creek curlers. Mr. A. H. Bell is the new secretary-treasurer; Jack Kelly, vice-president, and R. O. Allison, manager.

Antidissembellishmentarianism, a word composed of twenty-eight letters and defined as "a doctrine of opposition to disestablishment; said especially of a state church," is the longest word in the English language.

Judge Jackson was in town on Friday to assist Judge McDonald with the very lengthy docket of civil cases. Two courtrooms were in operation that day. In addition, Magistrate Gresham held sessions of the magistrate's court in another part of the court house.

Mr. and Mrs. F. Wheatley and family will leave on Saturday for Calgary, where they will in future reside and where Mr. Wheatley will make his headquarters as president of the Mine Workers Union of Canada. The Wheatley family have resided in Blairmore for a number of years and their departure at this time is keenly regretted. Mr. Wheatley has been a member of the Blairmore Board of School Trustees for a number of years.

The large hall underneath the Lodge Hall, fronting on Victoria Street, is being renovated as a hall for the new Moose Lodge. Here wild moose will be tamed and new candidates will be given an opportunity to rough-ride and bulld-dog. The new hall will have a main entrance at the front, the large windows being partly boarded in. At the rear will be anterooms and an entrance to be used during lodge work. A fine hardwood floor is being laid. E. J. Pozzi has the contract in hand.

Home Bank shareholders brought an appeal before the second divisional court at Toronto against a judgment by Mr. Justice Middleton, dismissing a motion by way of appeal from Charles Garrow, master, who gave a winding-up order. The appeal was brought on the grounds, among others, that the Home Bank was never a chartered bank after the expiry of one year from the date of incorporation, which was assented to in 1903. The court objected to hearing the appeal, because the winding-up order of the master three years ago was not assented from, but after hearing the evidence of counsel, said they would consider the matter of the appeal being heard.
